

Spill Control Pallet and New Ramp

Forkliftable **Gator™ 4-Drum Pallet** safely contains spills to keep personnel safe from accidental slips while limiting exposure and clean-up costs from hazardous spills. Oversized 72 gallon sump meets UFC and exceeds EPA regulations.

Convenient **Gator™ 4-Drum Pallet Ramp** with gradual incline simplifies loading and unloading heavy drums. Made of 100% "Gator-Tuff" polyethylene, heavy duty ramp securely locks over pallet edge for a smooth transition. Durable anti-skid ribs provide safe traction for handling loads up to 1,000 pounds.

Specifications					
Model No.	Description	Dimen. (cm)	Sump Cap.	Load Bear. Cap.	Ship Wt.
28254	Pallet	49 x 49 x 10 1/4" (125x125x26cm)	72 gal. (273L)	5000 lb. (2268kg)	68 lb. (31kg)
28921	Pallet Ramp	49 x 33 x 10 1/2" (125 x 84 x 26)	N/A	1000 lb. (455kg)	40 lb. (18kg)

Accumulation Centers

Low profile **Gator™ Accumulation Centers** are the economical solution to spill concerns during drum filling and dispensing operations. They are ideal for chemical or battery storage needs. "Gator-Tuff" seamless construction in 100% polyethylene eliminates leaks and is nearly impervious to chemicals including acids and corrosives. Sturdy, self-locating grates eliminate the chance of ride-up and remove for easy cleaning.

Companion **Ramp** facilitates loading and unloading of heavy drums and features anti-skid ribs for maximum safety. It can be conveniently located anywhere, on any size Center. Combine 2, 4, 6, and 8 drum modular units to create your own customized system. As capacity needs increase, use optional **Joining Clips** to firmly lock units together and expand your storage space. Sumps remain separate and Clips can be removed for easy repositioning. In applications calling for a continuous sump, optional **Sump-to-Sump™ Drain Kit**, including joining clips and transfer tube allows you to join Centers together, on-site, for full compliance with EPA and UFC regulations when combined sump capacities exceed 66 gallons.

Ramp attaches and removes easily
